With over 35 years of teaching experience, and between 180 /350 students studying each month the Malaga college offers a fabulous campus study environment for ALL linguistic needs from beginner through to the advanced learner (across 10 language levels on general language courses).

Malaga is a historic city, a busy sea port and home to the Picasso Art Gallery. The college is located to the east of the city centre in a tranquil residential setting, back (and 10 minutes up the hill) from the sea front ~ long golden beaches, bars, restaurants and cafes galore.

Campus facilities include 25 classrooms (with air-con), on site residential accommodation, a sun terrace, internet access, a multimedia room, a cinema & dance studio, a restaurant & bar and an outdoor pool (generally available April/October for swimming).

Malaga 2015

Sophie: Summer Teenager Course

“The staff in the college residence and the school were so helpful, nothing seemed to be too much trouble. The Spanish language teachers were eager to help and very friendly. They always introduced themselves using first names and the school was, to its credit, quite informal, whilst still promoting a strong work ethic. It was good to have the lessons in the afternoon, so we could complete homework assignments at the college in the morning (once we’d made it out of bed).”

Laura : Languages for Life

“I was a near enough beginner and was the quietest in my class but by the end of the course I was holding conversations with the teachers and all of the people in my class in Spanish. My confidence grew. I didn’t expect that I’d learn as much as I did. Actually I impressed and shocked myself at how much progress I made. Everything at the Spanish school in Malaga including the teachers, language course and the food was far better than I expected.

Mr Phillips: Standard Group Course (26)

“A very efficient, time effective and successful course. A new teacher every hour made sure each lesson was challenging, but they always knew exactly what we’d done to date – so every lesson was productive.”
