

Venice

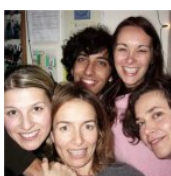

2021

With over 10 years of teaching experience, and between 60/100 students studying each month the college offers a fabulous language learning environment for ALL linguistic needs in a central city location. The city may often seem metaphorically drowned under a sea of tourists at the height of summer, and "Piazza San Marco" is often literally drowned during the flood tides, but with easy access to the artistic and historic heritage of this incredible city, you just have to fall in love with Venice.

The school is located in the historic city centre, in a typical Venetian square, a meeting place for students and residents who shop or chat in the open-air cafés. It is housed in a historic building with a wide terrace onto the campo.

There are 7 classrooms and students have free access to two internet points, a self-access study room with video facilities and wi-fi internet connection. Classes are held across 5 language levels, with a teaching methodology based on a fully communicative approach that promotes and encourages students' active participation. The average student age is 20/50yrs, but everyone is welcome. It's a small school, with a friendly atmosphere and has year round appeal for all language students.

Stuart: Standard Course & Private Tuition

“Compliments to all the staff at the college, particularly Maddalena and Silvia, my teachers in the first week. I had a great time talking Ferraris with them both! Keep up the good work. Everyone at CESA were very helpful and efficient, you dealt with my late booking well, no hiccups at all. Thank you!”

Anna: Languages for Life Course

“The tutors were so helpful and made the lessons really fun. Although I found it frustrating to begin with, I thought the “Italian only” approach was excellent. It made me use the language and as a result I succeeded in learning so much more and really felt encouraged to speak and think in Italian throughout the course.”
