

Montpellier 2021

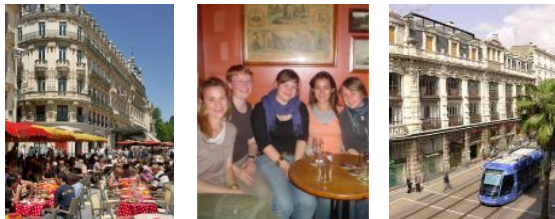

With over 20 years of teaching experience the Montpellier college offers a highly enjoyable central city environment to suit ALL linguistic needs from beginner through to the advanced learner (across 8/10 language levels on general language courses) and cater for between 90 and 300 students each month. Montpellier is just 6 miles inland from the Mediterranean coast, a beautiful & historic city, located between Provence and the Mediterranean's "Golf de Lion", with a mild climate and hot summers.

There are two college sites. The main site facilities include 12 classrooms (with air-con), a library and coffee room, located in a quiet street in the heart of the city. The second site has 8 classrooms (with air-con), a computer room (WIFI) and is just few minutes on foot from the first site.

The college offers fabulous long term (and short term) French language courses for serious language students, including general language courses, business courses & DELF/DALF exam preparation. Of course we want you to have fun! Wine tasting, cheese tasting, welcome and farewell parties at the college, dinners in French restaurants, wine bar visits etc. plus guided tours around Montpellier and local excursions are offered to ensure you have a great time.

The college suits every language learner and is particularly good for intensive revision and Academic Year/Languages for Life courses.

Miriam : Languages for Life

“I started at the beginner level at the college and I learned more French in the first month than I had learned in all of my school French classes. By the end of my stay, I had passed DELF B2 with plenty of marks to spare (69.5/100), and made further progress by reaching the advanced level 2 class (approaching DALF C1 level). I found the excursions an enjoyable way to practise my French and to meet other students. My favourite excursions were the nights out to various restaurants, especially Moules Frites and Crepes!”

Elena: Intensive Course

“The best part of the course was the discussions, debates and when we made up stories in French and could be creative, playing games. Listening to French music was also good. The other students in my class were lovely; we became a great group of friends.”
