Catering for between 50/200 students studying each month the Valencia college offers a study environment for ALL linguistic needs, from beginner through to the advanced learner (6 language levels are offered each month).

Famed for its festivals, Fallas fireworks, futuristic Arts & Sciences buildings, paella and a lively nightlife, Valencia is popular all year round, with the Spanish, tourists and language students. From the old town, through the university quarter to the city marina & beaches there is plenty to see & do (including Spain's 2nd largest art museum or the night life around Paseo Neptuno and the new port in the summer, as an alternative to Barrio del Carmen)!

There are two school sites, near each other and both within easy reach of the University quarter and beaches. The main site is a beautiful modern building, with 12 classrooms, cookery classes facilities, air con, a large common room, Wi-Fi and a patio courtyard with ornamental pool. The second site is in a 4-storey building in the historic centre near the cathedral with 10 classrooms, air con, a computer room, Wi-Fi, lounge area, reading room, library and terrace area.

Spanish language courses on offer include general language courses & DELE preparation. The school suits students and adults looking to improve their Spanish for career, academic or personal reasons.

Adam: Intensive Course

“Valencia was a very good location, food was good, and I felt safe there. The locals were friendly too. There is plenty of nightlife in Valencia and lots to do during the day too. I was impressed and very pleased with CESA Languages Abroad. I would go again. I don’t think 1 week is enough, so I would go for 2 or more next time.”

Joanna : Languages for Life course

I found the location of the school to be perfect for what I wanted - a city not too large, located by the sea. The staff were very helpful and accommodating. Once I arrived at the school I found the class sizes to be perfect for learning. A maximum of 10 students in any classroom allows for sufficient teacher/student interaction. The teachers were enthusiastic, helpful and knowledgeable. I studied at the school for 3 months and had the pleasure of interacting with many of the teachers who work there. I would highly recommend the school to anyone considering studying Spanish.
