

## Malaga 2019

With over 35 years of teaching experience, and between 180 /350 students studying each month the Malaga college offers a fabulous campus study environment for ALL linguistic needs from beginner through to the advanced learner (across 10 language levels on general language courses).

Malaga is a historic city, a busy sea port and home to the Picasso Art Gallery. The college is located to the east of the city in a tranquil residential setting, back (and 10 minutes up the hill) from the sea front ~ just a short walk downhill, and along the front for long sandy beaches, bars, local fish restaurants and cafes galore.

Campus facilities include 25 classrooms (with air-con), good quality, on site residential accommodation, a sun terrace, internet access, a multimedia room, a dance studio, a restaurant & bar and an outdoor pool (generally available April/October for swimming).

The wide range of Spanish language courses on offer include general language courses, DELE preparation, Over 50s courses and Spanish & Dance programmes. The college suits every language learner and is particularly good for advanced learners.

### Laura: Languages for Life

"I was a near enough beginner and was the quietest in my class but by the end of the course I was holding conversations with the teachers and all of the people in my class in Spanish. My confidence grew. I didn't expect that I'd learn as much as I did. Actually I impressed and shocked myself at how much progress I made. Everything at the Spanish school in Malaga including the teachers, language course and the food was far better than I expected."

### Mr Phillips: Standard Group Course (26)

"A very efficient, time effective and successful course. A new teacher every hour made sure each lesson was challenging, but they always knew exactly what we'd done to date – so every lesson was productive."
