Languages Abroad

Tom : Standard Course

“Having not enjoyed languages at school I had only a vague hope that I would be able to communicate in simple Spanish. By the end of the course (4 wks) my expectations were surpassed, linguistically and generally. I was still a long way off achieving anything close to fluency, however I had gained a great deal of confidence in terms of being able to try out the language at every opportunity. The lessons were superb, challenging but very interesting and enjoyable.”

Katherine : Languages for Life Course

The best parts of my course were meeting so many people and realising you can hold a conversation with someone in another language, and being in Seville. The worst part of my course was sitting in front of the class and doing a presentation, it was a bit daunting! It was fabulous having a mix of younger and older students on the course from all sorts of different countries; it made everyone really enthusiastic about being in Seville! Everyone I mixed with at the college was really friendly and lots of fun.
