Course levels are created based on the Common European Framework of Reference (CEFR) for teaching and assessing French as a foreign language, and students are placed in groups based on the levels defined by this framework.

The primary focus is to recreate real-life situations where you will be able to put your French to practical use and develop your learning strategies, enabling you to use the communication skills you already have in your native language when speaking French.

## Residence in Paris

The French Summer Camp for Teens is located in the South of Paris. French classes, meals, accommodation and activities take place in the residence. The Lycee offers classrooms, communal areas, common bathrooms and simple bedrooms.

There are 30 classrooms, a self-service restaurant, a rest-room for the students with large terraces and a sports hall as well as accommodation (4 bedded rooms), outdoor terraces and an internet area.

The Campus offers easy and quick access to the most famous Parisian landmarks: the Louvre Museum, the Eiffel Tower, Montmartre, Notre-Dame, etc.

#### Bedrooms

Facilities include bunk beds in 4-bedded rooms with one wardrobe per student, and shared facilities. Shared showers and toilets in separate cubicles are located on each floor and clean and well maintained, but simple and functional, rather than luxurious. Bed sheets are provided and changed once a week.

Towels are provided.

Boys and girls are accommodated on separate floors with no access between floors.

Student laundry is organised once per week, usually on Wednesday or Thursday, and it is a free of charge service.

School staff aim to ensure that rooms are shared with children of different nationalities and of similar age so that they continue speaking French outside of the classroom and make new friends. Parents may request for their child to share with a particular friend, and this will be considered but cannot always be guaranteed.

### Security

At the residence, Teens are supervised 24 hours per day, 7 days per week. Overnight the residence is locked and staff including security people are always present. Students are not allowed to go off Campus unsupervised by our staff, even when parents give their children a signed parental discharge/authorisation.

A medical assistant is also available at the residence 24 hours per day in case a Teen needs medical attention. In case, a Teen needs further medical assistance, a medical practitioner (Doctor) will come to the residence and if necessary, the Teen will be taken to the closest hospital.

### Meals

Breakfast, lunch and dinner are served in the residence self-service restaurant and are all included in the price of the stay.

An afternoon snack is also included in the price. During some excursions, lunch or dinner will be a packed lunch. There are also vegetarian and pork-free meal options available.
