Spanish hosts:

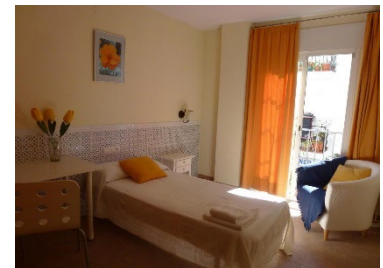

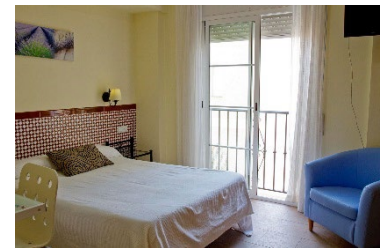

You will be provided with a single room with hosts or a hostess, on a half-board basis (breakfast & lunch).

Host accommodation generally involves a short walk (allow 10/20 mins).

School residence:

Each room has its own small en suite bath or shower room with wc. No meals are included in the cost – students can pay as they go for meals in the many varied restaurants/cafes in the town.

In addition, the residence offers higher standard rooms for one person or couples to share, with en suite bathrooms, fridge etc. There are also some larger Studios (they cost more, but are very comfortable and are in high demand).

Background information

The school was established in 1980 and is based in two adjacent, typical Andalucian houses, only 5 minutes' walk from the centre of the old town. Students always enjoy the private garden with a sun terrace and patios for student use, both during and after classes.

There are 12 classrooms indoors, each with a TV, video and audio machines, however lessons are frequently held in the garden under the shade of the bougainvillea. The video-centre offers a wide choice of films for student use in the college, likewise the library offer a range of books for student use and the book shop offers a range of dictionaries, general reading matter and audio and video tapes for sale. The college also has a snack bar and offers the students email access on site.

The college becomes fully booked during August each year (so please book early if you wish to study in Nerja during the summer). The college teachers are all native speakers of Spanish, who specialise in teaching Spanish as a second language.
