The school

The beautiful school is located in the heart of Valencia's old town, in a Gothic palace, surrounded by history and culture.

The school owners have carefully renovated this historical building to their vision of a 21st century language school that compliments history with modernism.

The school is placed just where the 11th century Arab city walls were standing and still a big part of them have remained inside the building crossing through the school and getting inside the classrooms, creating an atmosphere of history and mystery.

The 2100-square-metre building has 28 classrooms with interactive whiteboards, comfortable areas for students, a sunny patio with orange trees and a rooftop garden to enjoy the beautiful Valencian weather all year round.

The Teenage summer programmes take place in an exclusive wing of the school to ensure all of the teens are together and interacting during breaks from class in a young and international atmosphere.

The school is conveniently located in the city centre with easy access to the accommodation and activities.

International and friendly atmosphere

Students come from a growing number of countries, all with the aim of learning or improving their knowledge of Spanish language and experiencing the Spanish way of life.

The school's friendly atmosphere is perfect to use your new language skills to make friends.

Spanish courses

There are four Spanish lessons every day, they can be in the morning or following a zig zag schedule (some days in the morning with activities taking place in the afternoon and some days activities taking place in the morning and lessons in the afternoon).

During the course students become immersed in Spanish language and culture, learn how people use the language in real life, how they speak to each other in the street and how they socialise. Students develop skills that they can immediately practice outside the classroom.

Spanish lessons focus on communication skills, although grammar and vocabulary are also important.

* Students from both programmes might share some lessons.

Students are immersed in Spanish life, culture and language

Levels

The courses are divided up into 6 different levels: from beginner to advanced based on the Cervantes Institute programme under the directives of the Common European Framework of Reference for Languages.

No matter what your level of Spanish, they will always find a class that is right for you.

Your Spanish class

All classes are given in Spanish. In general the number of students per class is between 6 and 10 and each lesson lasts for 50 minutes.

Since the groups are small in number, the teacher is able to deal with the specific needs of each student on a more personal basis.

The classes are based on tasks and planned depending on the students' needs and styles of learning.

You will use a textbook in class, together with supplemental material such as newspaper/press articles, adverts, audio-visual materials, etc.

Teachers

The school have a dynamic team of teachers who love teaching Spanish. They're all university graduates and have many years of experience specialising in teaching foreign students.

They use modern materials and methods to ensure that lessons are interesting and entertaining.

Your arrival

Arrivals are normally on **Sundays** and departures on **Saturdays** (extra nights might be possible at extra cost).

The school pick up the students at the airport and take them to the host family or residence.

On departure students are picked up at their accommodation and driven to the departure terminal of the airport.

They will be helped with check-in and will be accompanied up to the security control before the boarding area.

Students who have booked the **UM service** with the airline (unaccompanied minor service) will also have to book the service with the school (extra cost) as the airline requires the person in charge to escort the student until boarding the plane.

Supervision and security

Every outing is supervised by school staff who watch out for the well-being and safety of the students. Specialist activities such as sailing, paragliding, etc, are always supervised by professional instructors.

Students are expected to attend lessons and activities as scheduled, and have to respect the programme curfew that is established depending on their age.

The first day

On Monday morning host families accompany the teens to school and show them the way back home, either walking or by public transport.

Students living in residence will be accompanied on Monday morning by school staff.

Students will then take a level test so that they can be placed in the class of the corresponding level.

After the test, they will attend a Welcome meeting where they will receive useful information and get to know other new students and the staff of the school.

Once the tests have been reviewed, every student is placed in a group and the classes can begin.

Complete beginners of Spanish don't have to take the level test but will participate in the Welcome meeting.

** It's possible to book the "extra supervision service" if parents want the host family or our staff to accompany the children every day to school and pick them up in the evening after the activities.
