

Italian for the Over 50

Siena 2024

Would you like to improve your Italian, take a cultural holiday in Siena and share the experience with other mature students?

On set dates you get the chance to practise and improve your Italian with other adult students. The programme also enables you to explore the city with an Italian guide and sample the wines, enjoy a traditional meal and tour some of the amazing sights that Siena offers.

Course Notes

Open to students of **all language levels**, these courses concentrate on developing general language skills (speaking, listening, reading and writing) and are always held in Italian. These short term Italian courses are aimed at those who need to build on current skills or who want to learn Italian in Siena, from scratch on an Italian immersion course, with their peers. Older adults are placed in classes together wherever viable, however if necessary a student maybe placed in a class with a mixed aged group to ensure the language tuition is appropriate for their skill level.

The programme is aimed at those students who wish to share the experience with their peers whilst concentrating on developing their communication skills.

The morning course of Italian Language is designed to improve language and conversational skills, and heighten the awareness and appreciation of the Italian culture.

Classes are in small groups (mixed age group) with the emphasis on oral expression, as well as social and cultural aspects rather than grammar analysis and written skills.
