

French Summer Teenage Course

Nice 2026

Standard Course: (20)

Morning (or PM) lessons are devoted to grammatical and functional aims as part of the school's Standard Course. The work of each group is tailored to each class's ability level in French and centers on oral exercises, role playing, discussions, simulations and practical exercises in everyday situations. Students work on progressive enrichment of their language skills in small groups of no more than 10 students per class. The students are divided into six theoretical ability levels.

Please note: Standard Courses also operate in the afternoons, as there will be a lot of students to cater for. Choice of timetable determined by School Staff according to student language levels, rather than student choice.

Intensive Course: (28)

An additional 08 lessons are held over two or three afternoons devoted to the practical application of your French knowledge, an approach to cultural, social political and economic life in France. According to your French language level, your class will focus on: opinion polls, debates, literature, history, theatre, music... these additional small group classes really aid linguistic development and self confidence.

1 to 2 hours per day after lessons are dedicated to homework / All text material used in lessons deals with French literature and civilization / Tutors are all native speakers who are also professional teachers of French as a foreign language.

NB: The programme is designed to be a two, three week or longer course, but students are welcome to attend for one week only, please bear in mind you are completing half of a 2 week course.

French Summer Course Notes

College Description:

The Nice French college has an excellent academic record and offers a year-round language college for students aged 16yrs+, during the summer students aged 16/20yrs may be taught on a separate college site, also situated in the centre of Nice.

Language students can follow a one week+ French course, in this beautiful Riviera location. The course is appropriate for teenagers who are independent and mature enough not to require constant direction from group leaders.

Meals:

Breakfast and evening meals are taken with the hosts. Students make their own lunchtime arrangements.

Curfew:

Teenagers aged 16/17 yrs old will need a signed parental permission to be able to go out in the evenings. Parents must indicate that either:

- 1/ no permission to go out beyond 7.00 pm
- 2/ students are free to go out up to 11.00 pm in the week &/or 12.00 pm at the weekend
- 3/ students can go out in Nice without restriction in the week &/or at the weekend *

* If students stay out without restriction, hosts are not expected to stay up and wait for their return, whereas they will for an 11.00/12.00 pm curfew.

Parents cannot set alternative curfews as the college staff/hosts are unable to police them.

French language students, over 18 years of age are not subject to parental permission rules.

Cultural activities:

A range of activities are offered at extra cost. Students are advised of the options offered each week once in France via a notice board in the Centre. Although the proximity of the beach and the facilities of Nice tend to encourage students to make their own entertainment out of class.

Private study:

Students will be asked to complete some homework tasks each night in preparation for the following day's classes.

Course places:

We recommend that students book their Summer course place as early as possible, to avoid disappointment.
